INFORMATION FOR PARENTS AND CARERS

Private treatment: **questions parents ask**

Clear answers to help you decide

BELFAST ORTHODONTICS

Can we switch from the **health service waiting list to private treatment?**

Yes. You can choose private treatment at any time. Just let us know.

Does paying privately **affect health service eligibility?**

No. Eligibility is decided by your child's IOTN score only. Paying privately never changes it.

Aligners **or braces?**

We offer metal braces and Smartee clear aligners. Aligners are less noticeable than fixed metal braces but must be worn 20 to 22 hours a day. Your clinician will advise which suits your child's teeth.

What **is included?**

Two sets of retainers are included. Aligner refinements are included. Extractions (done by your own dentist) and later replacement retainers are not included.

Do they **need retainers?**

Yes – retainers are worn every night, for life, to keep teeth straight.

Can we **pay monthly?**

Yes: a £900 deposit, then the rest in 12 monthly payments. A £150 plan fee is added to the balance and spread across your monthly payments.

Is there a **sibling or parent offer?**

Yes. Any sibling or parent of one of our patients who wants private treatment gets 10% off. A parent or sibling of a patient in treatment with us gets a free assessment (usually £155). Everyone is assessed separately.

Do we keep **our health service place?**

Yes. If your child is on the health service waiting list, they keep their place while you decide.

Under-18s offer: **£2,900** (usually £3,900) for braces or aligners. If you go ahead with private treatment, the £155 assessment fee is taken off your total treatment price. On the payment plan it comes off the £900 deposit, so you pay £745 and the same monthly payments. This does not apply to cross-border (HSE) patients. Anything else? **Ask your clinician during your appointment.**
